## ICE GLOBES

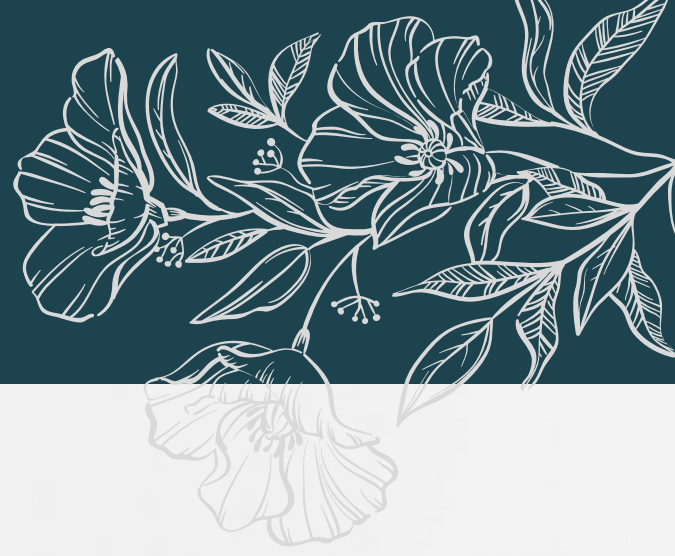

YogaFace &  
Body Spa

# The Benefits

---

- Brightening skin
- Reducing puffiness
- Sculpting jawline
- Constricting pores
- Activating collagen production
- Tightening and firming skin

# How it Works

---

- They are great to reduce fluid retention and contour the face
- In the facial area it instantly sculpts and brightens the skin, encouraging vasoconstriction, reducing blood vessels, and promoting a firmer, more toned complexion
- The cold temperature also helps to constrict the pores and bring a fresh glow to the skin, providing the perfect base before applying make-up
